## GEN 2 EXTENDED PISTOL TACO®

Tactical Gear

### BATTLE - PROVEN

The Generation 2 Extended Pistol TACO® is sleeker, lighter and more versatile than the original. Like the Original Extended Pistol TACO®, the Gen 2 Extended Pistol TACO® holds 1 long pistol or SMG magazine, or similarly sized items such as batons or flashlights. Contoured molded sides allow easy insertion of magazines. Integrated shock cord provides adjustable retention. Constructed from laser-cut nylon laminate wrapped over a woven thermoplastic core, Gen 2 TACOs weigh almost 20% less than the originals. ½ inch interval MOLLE on the back of the TACO® allows for both MOLLE and belt mounting options. With the addition of an HSG OTR Cover accessory, any Gen 2 TACO® can be set up covered or open-top.
